

# GEAR CHECKLIST

WHAT TO BRING TO YOUR CLASS OR LESSON

**Leash:** 6 feet or shorter works best. No flexi-leads in class, please.

**Harness/Collar:** A front-clip harness is helpful for many dogs, especially large breeds or those already pulling a bunch! A flat collar is also acceptable if that works for your dog. No choke, pinch, or electric collars, please.

**Reinforcement:** Bring more than you think you'll need! Mix it up, and bring some medium value and some high value ("never get at home" rewards).

**Treat Pouch or Accessible Pockets:** Something you can easily get in and out of for delivering treats promptly when your dog does something great! (If you don't have something like this, you can pick up a Summit treat pouch at the training room!)

**Mat or blanket:** Something that is transportable and is ok for your dog to lay on. It doesn't necessarily have to be something they use at home, but it can be. Please bring this every week.

**Water & Bowl**

**Chew Toy or Stuffed Kong:** Something to keep your dog occupied during down time in class.

**Clicker or Verbal Marker**

**Your Dog!**
